### Dynamic allocation in C/C++ - C++ Forum - Cplusplus.com

[www.cplusplus.com/forum/articles/](http://www.cplusplus.com/forum/articles/)

Feb 19, 2008 - 3 posts - 3 authors

**malloc** and free, new and delete. WHY YOU USE IT ----- Dynamic allocation can be quite useful.

For **example**, a dynamically sized array:

<a href="#">Structs???? <b>Malloc</b>??? Pointers to <b>Malloc</b></a>	6 posts	6 Jun 2014
<a href="#">memset, <b>malloc</b>, alloc</a>	5 posts	30 Apr 2012
<a href="#">New/Delete with a Class that uses <b>malloc</b></a>	20 posts	12 Jan 2009
<a href="#">Multidimensional Dynamic Memory Arrays</a>	5 posts	20 Jan 2008
